Add-ons Builder

The screenshot displays the Mozilla Add-ons Builder interface. At the top left is the Mozilla logo and the text "Add-ons Builder PREVIEW". At the top right is the "mozilla" logo and links for "Documentation" and "My Account (Sign Out)". Below the header is a navigation bar with "My Add-on" and an information icon. To the right of this bar are buttons for "Test", "Download", "Save", and "Revisions". The main area is divided into a left sidebar and a central code editor. The sidebar contains sections for "Modules (1)", "Attachments (0)", and "Libraries (1)". Under "Modules", the "main" module is selected, and there is an "Add module:" section with an input field and an "Add" button. The code editor shows two lines of JavaScript code:

```
1 // This is an active module of the My Add-on Add-on
2 exports.main = function() {};
```

On the right edge of the image, there is a partial view of a rocket ship and the letters "ck".

自分のブラウザは自分で作る

- 自分の道具を自分で作る環境が整ってきた
- コンテンツだけではなく
道具（ブラウザ）を作れるようになった
- 自分の不満は自分で解消する
ex., scrollbar
- 道具のデザインもまた楽しい
